OVERVIEW: 6-STEP PROCESS

Event Organizer,

Thank you for your interest in hosting a Special Event in Jersey City! The Office of Cultural Affairs (OCA) plays the important role of ensuring that events held in Jersey City have the appropriate permits, and communication with city departments and the hosting neighborhood associations or Special Improvement Districts (SID), to operate safely and effectively. The OCA acts as a liaison between the event organizers and the City-Wide Special Events Management Team, which comprises representatives from city departments and divisions, along with other public agencies that may be affected by or have regulatory authority related to elements found in your event. The process provides a coordinated approach to the planning, reviewing, and on-site management of your event.

The Special Event Application Process comprises 6-STEPS:

1. APPLYING: If you are interested in applying for a Special Event in Jersey City, contact Elizabeth "Lisa" Catanio to request a link to the Special Event Application using the Docusign platform. In your email (ecatanio@jcnj.org) or phone call (201-547-4327) please provide the following information:

- a) NAME OF PROPOSED EVENT
- b) DATE AND TIME OF PROPOSED EVENT
- c) LOCATION OF PROPOSED EVENT
- d) NAME OF NON-PROFIT ORGANIZATION HOSTING PROPOSED EVENT

After receiving the Docusign link, you have 30 days to complete the application. After 30 days the link will expire and you will have to request a new link. If you have questions when filling out the application please contact the OCA at 201-547-6921.

2. RECEIPT AND REVIEW: Once you hit FINISH on the application in Docusign, the platform will automatically send an email notifying the OCA that an application has been submitted. Docusign will also send the applicant an acknowledgment email stating that the document is COMPLETE. If you fail to receive the acknowledgment email please call 201-547-4327. Your application will be reviewed to be sure that all required fields and accompanying documents have been attached. You will be contacted if anything is missing. This step takes 2-5 days.

3. CIRCULATION AND SIGNATURE COLLECTION: Once the OCA has received a complete application from the applicant, your application will be placed into circulation to be reviewed by all required city departments for approval and signature collection. This step takes 4-5 weeks.

4. NOTIFICATION OF APPROVAL AND FOLLOW-UP ACTION: Once the application has been reviewed, approved, and signed by the required departments, the applicant will be informed of the required Follow-Up Action. The applicant will also be notified if an additional Public Safety Meeting is needed for their event. The Public Safety Meeting is a face-to-face meeting with the Citywide Management Team. Meetings are scheduled 2-4 weeks before the date of the event.

5. FEES AND SCHEDULING: The Follow-Up Action email will outline steps required by the applicant, and will include the liaison in each department that the applicant may need to contact to ensure that city services are scheduled in accordance with the plan.

6. EXECUTION OF EVENT: Depending on the scale of your event, the OCA may assign staff members to be on site to ensure the event is set up in accordance to the plan, as set forth at the Public Safety Meeting, and to ensure city services arrive as agreed.

I understand that my Special Event will be subject to this 6-step process and will take action as directed by the Office of Cultural Affairs.

AMPLIFIED SOUND: The City of Jersey City welcomes public events and celebrates the vast diversity of our community. We encourage public art programming, civic pride events and music. We ask that all event organizers adopt the philosophy that events should occur with as little inconvenience to our residents as possible. So, in addition to obeying all City ordinances relating to time constraints and noise, please keep amplified sound at a reasonable level. Amplified sound is intended to broadcast music and spoken word to only reach the audience in attendance. Excessive amplification is unnecessary and compromises the quality of life in our city.
